

# **YE TRODDEN PATH**

## **TRACING THE OLD KNOX TRAIL THROUGH SANDISFIELD AND OTIS**

**TOM RAGUSA, FEB. 19, 2026, 7:00 PM**  
**MONTEREY LIBRARY (IN PERSON AND VIA ZOOM)**

Tom Ragusa has spent almost twenty years researching and documenting the location of the old “Great Road” road through Sandisfield and Otis. This road was used by Henry Knox and countless others through “The Greenwoods.” He retired from Mass. DCR after 42 years, is a long term member of the Otis Historical Commission, and is one of the authors of the upcoming book, *Ye Trodden Path*.

*Tom Ragusa with his 15' long map of the old Knox Trail*

Tom will give a talk and powerpoint presentation about how he has traced and marked the route of the old road for 8 miles, and his effort to list the road on the National Register. This is the longest undisturbed stretch of the historic road in Western Massachusetts.

**Please register for this free event to attend in person or via zoom at:**
